

Try your hand as a *SOFER SCRIBE!*

YOU WILL NEED:

Kulmus

(A feather from a kosher animal, sharpened into a quill)

For this activity, you can use a craft feather or even a straw, which you have cut diagonally, and then slit vertically at the tip (see diagram).

Dyo

(Black ink made from kosher ingredients)

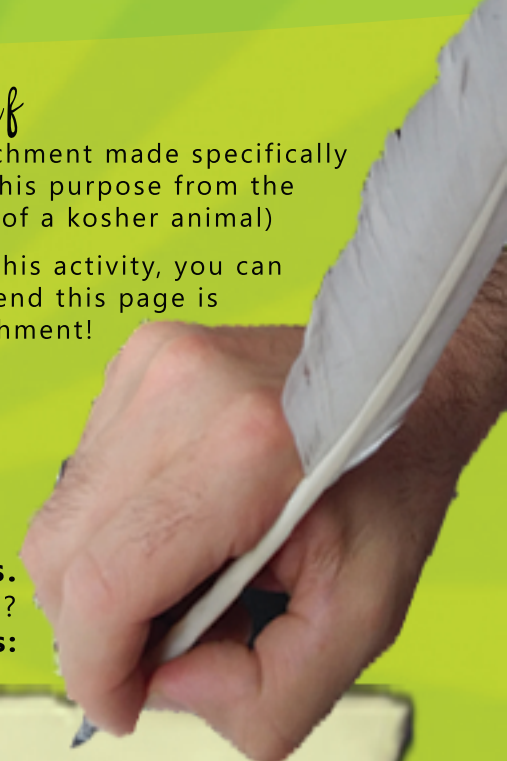

For this activity, you can use black craft paint diluted with a little warm water.

Klaf

(Parchment made specifically for this purpose from the skin of a kosher animal)

For this activity, you can pretend this page is parchment!

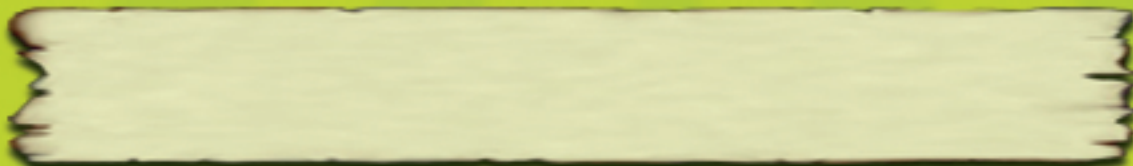

Here is the Hebrew alphabet in font Ashuris.

Do you see the tagim (crowns) above some of the letters?

Dip your kulmus into your dyo and fill in each of these letters:

Now, find the Hebrew letters which spell your name and try to write it here free hand:
